School Trustees Will Be Named On April 7th

The annual school election will be held on Saturday, April 7 in all districts of the county.

The official ballot in Canyon will carry the names of trustees for both the Canyon Independent School District and for the County School Board.

Petitions were filed Tuesday for Wilford Taylor, Jr., to continue on the board, and for Dr. R. A. Neblett, to take the place of Paul Lindsey, who would not accept another term.

Mr. Taylor has served one term and is a valuable member of the board.

Dr. Neblett was a member of the board before going to the Medical Corps of the Army. A petition of 75 citizens asked his election.

A petition was filed Tuesday with Judge A. H. Hunt for places on the official ballot of the County School Board. This petition names J. D. Barker for member-at-large and chairman of the board; and E. R. Cleavinger from precinct 1. There has been no election for the County School Board for several years.

Former Resident of County Died Sunday Night

Mrs. Mary Florence Hilburn, widow of Rev. T. D. Hilburn, pioneer Methodist minister, died Sunday night at the home of her daughter, Mrs. T. R. Bones in Amarillo. Mrs. Hilburn was 82 years old.

Funeral services were held Tuesday afternoon at 2 o'clock in the Shamrock Methodist church.

Mrs. Hilburn, a native of Arkansas, was a life-long member of the Methodist church, and was for many years an active member of the Order of the Eastern Star.

Rev. and Mrs. Hilburn made their home for many years at the Ceta Glenn Camp, in the canyons, which is owned by the Methodist church. He was superintendent of the encampment for seven years after retirement from active ministry.

His last pastorate was at the Turkey Methodist church, and he was also pastor at Shamrock for a number of years.

Surviving are two daughters, Mrs. Bones and Mrs. J. E. Seale, Goose Creek, and three sons, A. M. Hilburn, Amarillo, W. O. Hilburn, Dallas, and Dr. Sam R. Hilburn, Mitchell, S. D.

Burial was in the Shamrock cemetery under the direction of Boxwell Brothers.

Hearing on Water Control Bill Set For April First

More than a 100 land owners from West Texas protested a water control bill before the legislature last month. The bill was killed.

Another bill has been introduced, which is more vicious than the one which was killed. The bill provides that all water belongs to the state and would be controlled by the state. Under the new bill no person could drill for water without first securing a permit from the state water board.

A hearing on the new bill has been set for April 1 in Austin.

M. L. Davis is chairman of the Randall county delegation to go to Austin to protest this bill. It is expected that more Plains land owners will go to Austin to fight this bill than went when the first bill was up in January.

Mrs. Irma Money Is Back With the News

Mrs. Irma Money has come to the rescue of the News force for a couple of months. She has taken over the work of reporting. Mrs. Nell Jennings resigned the position Saturday after serving since last September.

Mrs. Jewell Tabor will return to the News the first of June to resume her work. She has been teaching in Bolixi, Miss., where Mr. Tabor has been instructor in the Army Air Force.

Mrs. Money was a reporter on the News 17 years ago, before her marriage to Bill Money. During the war she was Society Editor on the Pampa Daily News while Mr. Money was with the U. S. Navy in the Pacific.

Mrs. J. W. Crosslin of Wichita Falls is spending the week here as the guest of her daughter, Mrs. Bob Kilgore.

Mr. and Mrs. Billy Hill went to Gruver for the weekend where they visited in the home of relatives.

Pease Will Sing In Recital Friday

ROLLIN PEASE

Rollin Pease, baritone will sing in the auditorium of the Administration building Friday night at 8:15 o'clock under the auspices of the Canyon Music-Arts Club.

Well known in the Panhandle, Mr. Pease has appeared frequently in oratorio in Amarillo and has sung several recitals here. He has long been recognized as one of the foremost interpreters of oratorio in the United States and is one of the few singers listed in "Who's Who in America."

In addition to traditional recital numbers, he customarily includes a group of fine American songs.

Of special interest will be songs by two Texans. The first will be, "At the Cry of the First Bird" by David Guion, and the second, "Hear My Voice," by Canyon's composer, Charlotte Ingham Word.

Mr. Pease will be accompanied by his daughter, Mrs. Ples Harper, who moved to Canyon recently with her husband, head of the modern language department.

President of the Music Club, Mrs. Herschel Coffee, has announced that the public is cordially invited and that tickets will be on sale at the door.

Carolyn Black Chosen for Alpha Chi at T. C. U.

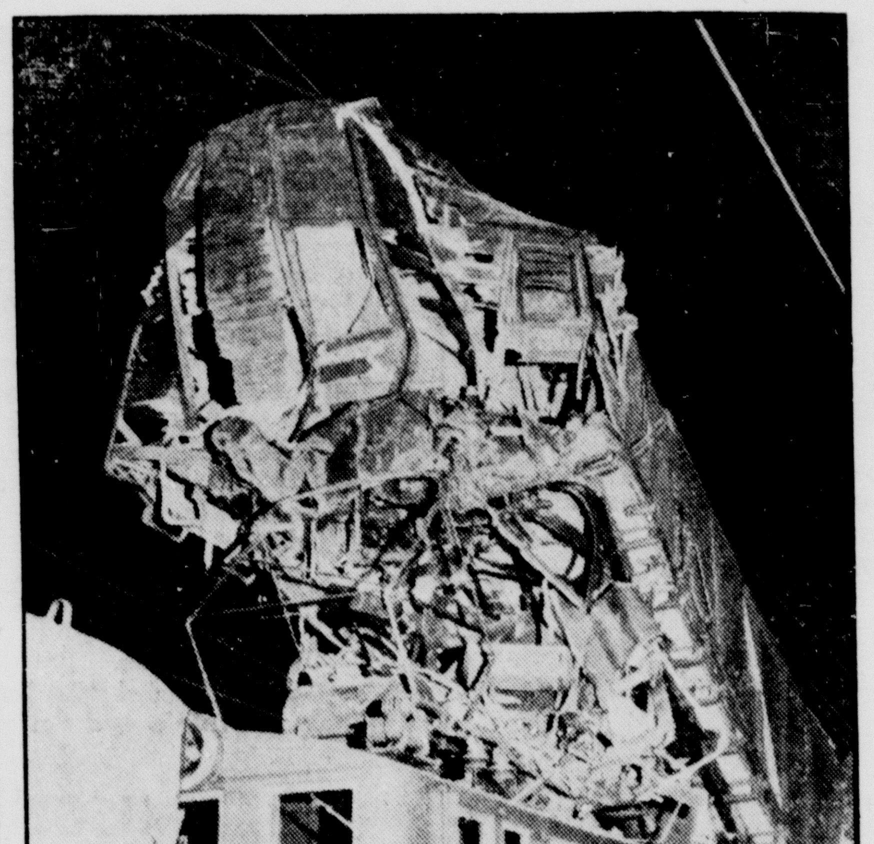
Miss Carolyn Black of Canyon is one of the 63 students eligible for membership in Alpha Chi according to a recent report by Registrar S. W. Hutton at Texas Christian University in Fort Worth.

The students selected are in the highest 10 per cent of the junior and senior classes. Alpha Chi is a scholastic club on the campus at TCU.

Miss Black, senior, is the daughter of Mr. and Mrs. W. C. Black, 1011 5th Ave.

Mr. and Mrs. L. D. Heyser and daughter, Mrs. Gladys Webb of Amarillo, visited Sunday in the home of S. H. Heyser, and Miss Columbia and Q. C. Redfearn.

Double-Decked!



When an electric train smacked into a parked train at Vaennaes, Sweden, the impact hurled two freight cars into the air and one dropped down on the electric engine, killing the engineer and presenting this unusual scene.

Preview Will Be Held Wednesday at New Station

The official opening of the new service station, with the Firestone Store, will be held on next Thursday. Cole & McGahey are owners of the new station.

A preview showing will be held on Wednesday evening, April 2, from 7 to 9 o'clock. At that time the new Firestone stock will be opened for inspection and display to the citizens of Randall county, who are invited to come to the new station to inspect the large stock of home and auto supplies which has been assembled.

The new station is on Highway 87, at 3rd Avenue. The plant has been completely rebuild with the view of giving the best service to the patrons of the firm. The station has long handled Firestone products, and will be able to handle a much larger stock in the new building.

VFW Elects New Officers, District Commander Here

At the regular meeting of the V. F. W. on March 19, special guest for the evening was District Commander Scott McCertney, from Post 1789 in Borger. Other visitors were Commander E. R. Bruce from Post 1475 in Amarillo, Commander Woods and Comrade Roy Smith from Post 4818 in Hereford.

Preceding the business meeting, members of the V. F. W. were guests at a steak dinner at the Palace Cafe, given by Raymond Doss. At the business meeting which followed the following new officers were elected: Commander, Charlie Donnell; Senior vice commander, Pat Rockwell; Quartermaster, Roy Cheatham; Chaplain, Jack Parsons; 1 year trustee, Tommy Lair; 3 year trustee, Raymond Doss.

A social hour for members and guests of the local post, followed the election of officers.

Auto Plates To Be on Cars By Midnight Apr. 1

Car owners have until midnight next Tuesday, April 1st, to put new 1947 plates on their motor vehicles.

Any vehicle which operates on the highways without the new plates after that time will be picked up by traffic officers and the owners subjected to a penalty.

The sale of plates has been about normal, according to a report today from the office of M. E. Cantrell. Two plates are furnished vehicles this year instead of one, as was the practice during the war when metals were scarce.

J. W. Woods Died Thursday Galena, Kansas

Mrs. Ed Mickle of Canyon and Eugene W. Woods of Pittsburg, Calif., were called to Galena, Kans., Thursday to be at the bedside of their brother, J. W. Woods, who was critically ill. Mr. Woods passed away before they reached Galena.

Mr. Woods had lived in Canyon for a number of years before moving to Galena.

Another sister, Mrs. R. O. Moore, of Pittsburg, Calif., was unable to be present.

Other survivors are the wife, one son, two daughters and ten grandchildren.

Rural Power Line to Southeast To Serve 14 Customers

Fourteen farmers in the southeast part of the county were cut into the rural lines of the Southwestern Public Service Co. this week, according to Gordon Lyons. The new line extends 13 miles.

Lines are being extended to take in farm homes as rapidly as materials may be secured.

Representatives from the Canyon Baptist Church attending the Annual Association meeting of District Nine in Tulia Tuesday were: Dr. and Mrs. Roy L. Johnson, Miss Eula Potter, Mrs. Ed Phillips, Mrs. Henry Cone, Mrs. Frank Hicks, Mrs. A. G. Brant, Mrs. L. Wirt, Mrs. T. H. Knighton, Mr. and Mrs. J. I. Payton, Mrs. Fred Sorgee, Mrs. Sparks, Mrs. T. T. Fain, Ms. Cartwright, Mrs. Crews Henry, Mrs. W. H. Harden, Mrs. Elwood Shero, Mrs. J. C. Dowd, Mrs. W. B. Anthony, and Mrs. C. H. Stratton.

Rev. and Mrs. R. C. Guest of South Plains are visitors this week in the home of Mr. and Mrs. B. B. Bullard.

Mrs. John L. Hammond is in San Antonio where she will receive medical treatment for the next two weeks.

Mr. and Mrs. E. J. Larson and children went to Dallas where they spent the weekend visiting with relatives.

Miss Eurita Henley left Monday to go to Marlin where she will receive medical treatment.

Mrs. J. D. McElroy returned Saturday from Plainview where she had been for a visit with friends.

District Governor on Official Visit to the Rotary Club

Governor W. Aubry Stephenson of Rotary International paid his official visit to the Canyon Rotary Club Tuesday. He conducted a club assembly Monday night which time the affairs of the club were checked.

Speaking at the luncheon Tuesday noon. Mr. Stephenson highly praised the local club and the work which was being accomplished here. He praised the college, the museum and the business houses which he had visited during the morning.

The Governor related his experiences since he took office, and the work which he had found being accomplished in all parts of the world by the 6,000 Rotary Clubs and the 300,000 members.

He believes that the spirit of Rotary will do much to save the United Nations, since Rotary Represents the small nations which have been neglected at the conference table.

The spirit of Rotary, as applied in the individual labor disputes, will solve the captal-labor disagreements which are threatening the nation. Law will not solve these disputes.

Visitors were: Ben Taack and W. F. Harlow of Hereford; Dr. R. A. Lewis of Austin; G. T. Boyle of Chicago; Tom E. Knigton of Canyon; Bob Brummel, R. H. Deitiker, E. Kancher, Arch Hunsley, L. A. Vahue, all of Amarillo.

Mr. and Mrs. Jimmie Campbell and children, Vicki Lee and Jim Bob; Victor Steen and daughters, Bobbie Jo and Peggy, and Lewis Steen all of Amarillo were guests Sunday in the home of Mr. and Mrs. I. M. Steen. The occasion was Mrs. Campbell's birthday.

Mr. and Mrs. E. W. Woods and daughter, Patsy, left Monday morning to return to their home in Pittsburg, Calif., after a visit here with relatives.

On Lookout for Trouble in Jerusalem

From behind a sandbag barricade a British gunner watches Tommies check papers of a tank truck crew before permitting the vehicle to enter a guarded zone of Jerusalem, scene of many Jewish underground outbreaks. Note the raised hood on the truck, where explosives might be concealed. Lad with bicycle at right is waiting his turn to be searched. The zone contains the once-bombed King David Hotel and other important buildings.

Survey on Free Mail Delivery In Canyon Shows Sentiment Strong, But Many Homes Missed by Canvas

The survey of Canyon for free mail delivery was completed this week, but there are 243 residences at which no one was at home to give information to the six college boys who made the survey.

The result of the survey is:

Residences:
Desiring delivery 302
Not desiring delivery 141
No one at home 243

Business houses:
Desiring delivery 6
Not desiring delivery 39

Cards are available at the postoffice for those who were missed when the survey was made. Those who did not have the opportunity to sign the cards may call at the postoffice and sign a card.

This survey is not a vote on whether or not people are for free delivery or are opposed to it. Most citizens do not care one way or the other. But the cards are an indication as to whether the service would be used if the postoffice department goes to the expense of installing it.

In view of the fact that the inspector will be in Canyon at any time now, home owners should sign the cards this week without fail, if they wish to express a wish on the subject.

Frank F. Vorwald Died While on Visit to Nebraska

Funeral services for Frank F. Vorwald, 77, were conducted Wednesday morning at 9 o'clock in the Umbarger Catholic Church. Father John J. Krukkert officiated.

Mr. Vorwald, a retired Umbarger farmer, died Sunday in Freemont, Neb., after an attack of appendicitis which he suffered while on a vacation trip. He had been a resident of the Umbarger community for 24 years.

Surviving are four sons, John Vorwald of Canyon, and George, Julius and Fred Vorwald of Bloomington, Wis.; two daughters, Mrs. R. Friemel of Umbarger, and Mrs. Otto Skarke of Canyon.

Also surviving are two brothers and three sisters.

Burial was in the Umbarger cemetery under the direction of Blackburn-Shaw.

School Census Will Be Ended on March 31st

The scholastic census of the Canyon Independent School District will come to a close on March 31, according to S. B. Orton, assessor and collector.

Mr. Orton states that the census will run about the same in number as taken last year. The 1946 census numbered 743.

Mr. Orton urges that any parent who has been missed in the census shall report to him immediately as there is in prospect an apportionment of $55. Any child of scholastic age which is missed in the census would mean a loss of $55 to the district.

Stork Specials

Mr. and Mrs. James Scott are the parents of a baby son who arrived in Neblett hospital, March 24.

Mr. and Mrs. Ray Dunnagan of Fresno, Calif., announce the arrival of a daughter, Lorna Rae, March 20. Mrs. Dunnagan will be remembered here as the former Miss Dorothy Jean Jennings, daughter of Mr. Cass Jennings. Mrs. Jennings is visiting with her daughter in Fresno.

Hayden Goodnight of Amarillo was a visitor in Canyon Monday. Mr. Goodnight is a former student at West Texas State, and at present holds a position with the Southwestern Investment Company.

Mr. and Mrs. Bud Myers of Lubbock; Mr. and Mrs. J. O. Price of Plainview, Mrs. Bob Combee and Mrs. R. E. Chambers of Amarillo spent the weekend as guests in the home of Mrs. W. S. Myers.

New Linotype Put to Work at the Canyon News Office

The new Model 31 linotype arrived at the News office last week and was put into operation Friday. This machine replaces the Model 8 which has been in service for the past 27 years. Ordered two years ago, shipment on the new machine was delayed for more than a year by the CIO strike.

The old machine was delivered to the Lamesa Printing Co., at Lamesa.

Governor Jester Has Bill on Palo Duro State Park

The legislature has passed the bill buying the Palo Duro State Park with revenue bonds and the measure has been in the hands of the Governor for several days.

So far as known here, Governor Jester has taken no action on the bill.

Shriners Gathered at Carlsbad Cavern

Shriners from Amarillo, El Paso and Albuquerque gathered at Carlsbad Cavern for spring initiation Friday and Saturday.

Sheriff M. E. Cantrell was among the 150 candidates who took the degree.

This is the second time in 14 years that the ceremonial has been held in the Cavern.

Mrs. Pauline Wendelken will leave soon to make her home in Minnesota.

Mr. and Mrs. Olin Huff were visitors in Lubbock one day recently.

Editorials

We cannot help but wonder: Are the brass hats down Austin way trying to really give the teachers of Texas a square deal on salaries, or are the teachers getting fooled? Regardless of the method that will be used to pay an increased salary to the teachers of the state, some one is going to have to dig up millions of dollars of new money. You cannot spend more money without getting into the pockets of the tax payers and extracting the cash. We hear the big corporations being cussed for not willingly accepting increased taxes in order to pay increased salaries. Well, we have never seen many citizens of Canyon who were anxious to increase their tax load; so why should the big corporations tell the legislature to come and get the money. Human nature is human nature whether it be the lowly home owner, or the biggest taxpayer in the state. This increase in salaries is going to cost the people money, one way or another, and there is no use kidding about the cost, or how to shift the cost to some one else. Certainly, we agree that the teachers should be paid more; and the only way to pay more salaries is to dig up more taxes.

The News received a reprimand from a Washington bureaucrat for the position we took several weeks ago in declaring that business and industry in America should be returned to private ownership. There was probably a legitimate excuse during the war for the control of many lines of industry. Unfortunately these industries were operated by men who knew little more about their jobs than the size of the appropriation which they had to spend. Naturally they do not wish to see these appropriations cut. These fellows want to continue spending your money. With Private industry wanting to expand, there is no longer an excuse for the government staying in the fields which are being developed by private industry. These Washington birds can get into our rapidly thinning hair all they wish, but they cannot convince us that some Washington bureaucrat can run the industry of America more successfulliy than the fellows who own and built these industries by the process of hard knocks.

General MacArthur believes that America should get out of Japan at an early date. Perhaps he was fishing for sentiment of the people of that unhappy nation. At least MacArthur received a prompt response to his proposal. The people do not want our troops withdrawn. They are afraid. Of whom: well possibly they are afraid first of the warlords of Japan; and secondly of the warlike attitude of Russia toward them. Without doubt Japan has been thoroughly and completely whipped. The nation is on the ropes. To leave Japan now at the mercy of Russia would be disastrous. And furthermore, we have a rather definite conviction that Japan wants to hold onto the coat tail of Uncle Sam for the purpose of getting a loan comparable to the loans (or gifts) which we have been extending to other nations.

Just what the difference is between a strike and a "continuous meeting" is hard for the public to understand. So far as the public is concerned the results are the same, the workers are not on their jobs to give service to those who have a right to receive this service. Disgruntled leaders who are biting the hand which feed them have concocted various ways of trying to win their point. The sit-down strike started in France; it was used in America, and was followed by the slow down strike. Now we have "continuous meetings," which is simpyly a glorified strike so far as results are concerned, without the legal aspect of actually calling a strike.

John L. Lewis was spanked again by the Supreme Court. He has notified his miners that they have a contract with the government, which controls the mines, and that the miners should stay with their jobs after March 31. Confidence of the people is being restored in the Supreme Court as a result of this verdict to protect the nation from such vultures as John L. and his unholy gang of labor racketeers. The miners have increased their wage above the average for skilled labor throughout the nation, and therefore should be content to leave well enough alone. One of these days the people will turn, and the racketeers will have lost all of the advantages which they have gained throughout the years.

We had $3.00 per bushel wheat in America last week. Who's wheat? Not the producers; not the elevators; but imaginary wheat which does not exist since all actual wheat has passed into the hands of millers. This $3 wheat was paper wheat; millions of bushels being traded on paper for the purpose of catching the suckers who they think can make a fortune quickly and without work. The stock market is the greaest gambling institution in America. The fellow who plays the board is bucking the smartest bunch of manipulators in the nation; men who know when to buy and sell in order to skin the suckers. The wise will not gamble.

We wonder whether Pappy O'-Daniel won his point in the case of Mr. Arnold or the going became too hot for Arnold to stay in and defend his record, which Pappy had attacked? Arnold withdrew, in spite of the power and prestige which was behind him in the person of Senator Connally. So far as Pappy is concerned, we are still convinced that since he has twice been elected to his post by the people of Texas that he and Connally should be able to reach some agreement in the matter of patronage. Pappy is out of tune so far as the Demoncratic administration is concerned; but he is still the choice of a majority of the people until such time as the voters change their minds.

Millions of misplaced persons in Europe are trying to find a way for survival. The Communist party appeals to them because it promises them a share of the world's goods, without going to the trouble to work for it. These unfortunate victims of the war are to be pitied. Most of them have lost their all in this world struggle. What will become of them is a great puzzle, and a serious economic question. With all of their worldly goods destroyed, they have no future security, or chance to recover their losses. The ravages of war cannot be understood by those who have never gone through the destruction of war, or have not witnessed the terrible conditions which exist after a war.

The mess in Georgia seems to have been settled by the Supreme Court. M. E. Thompson is Governor and young Eugene Talmage is out. We heard so much about the reforms of the Arnall administration. Wonder what the legislature was thinking about in writing the silly provision which made possible the attempt of Talmage to seize the government after the death of the senior Talmage. Maybe old Gene anticipated this situation and prepared for it.

ECONOMIC HIGHLIGHTS

The year prior to a Presidential election campaign, Congressmen of both parties become as eager and as jittery as young colts whiffing lush green pastures. The White House is, of course, the greatest political prize of all—and it is the source of a large part of the power and patronage of which officeholders at all levels thrive. The aspirants for the office, most of whom adopt an almost debutantish demureness when the possibility of their running is mentioned, jockey for position. And those who have no hope of being nominated work hard behnd the scenes, knowing that f their man and their party makes the grade, the path of politics will be smooth.

At this writing, next year's contest is wide open. That was never true during the late President Roosevelt's long tenure as Chief Magistrate. No one in the political limelight today has anything resembling Mr. Roosevelt's public following. As a result, there is nothing foreordained about next year's race.

After the elections of last November, it was widely assumed in some quarters that the Democratic party could not possibly survive the loss of both Houses of the Congress, and that the election of a Republican president in 1948 was a certainty. That feeling is not so widespread now. Wise heads in the Republican party know that anything may happen between now and election time and that overconfidence could prove fatal. And in the Democratic councils, some top men are working on the hope that the Republicans may hang themselves by failing to put through the kind of legislative program which the country wants.

Coming down to individual aspirants, the prospects are limitless. On the Democratic side, it seems certain that Mr. Truman may have the nomination if he desires it—Robert Hannegan has indicated as much, and the incumbent has an enormous advantage over anyone else. So most of the speculations center about the Republicans.

It seems to be an unwritten law of politics that a man should not come out in the open and say that he'd like to be president. So, in the Republican camp, Mr. Stassen is an active candidate now. He is a liberal in the old Republican tradition, made an excellent record as Governor of Minnesota, and is a World War II veteran. He has an engaging personality—a factor of great importance in these days. He has strong, well organized backing. On the negative side, some feel that he has been guilty of straddling big issues—notably the labor issue—and a number of Republican leaders are extremely cool toward his candidacy.

Governor Dewey cannot be discounted. It is felt that he would like to run again, though he refuses to say so, and he gave Mr. Roosevelt a real fight. His apparently impregnable strength in New York, with its vital block of electoral votes, is in his favor. But the fact that he had his chance and was beaten is against him.

Senator Taft is probably the most powerful man in the Republican party today. An extremely effective parliamentarian, he exerts the guiding hand in the determination of major policy. He is well liked, in general, by businessmen and farmers. It may be that he has the best chance for the nomination of anyone in his party. On the other hand, there seems to be a growing feeling that he is soft-pedalling basic issues in an effort to prevent alienation of segments of the population. For instance, many thought he would take a decisive stand on the closed shop problem, which is obviously the heart of the labor problem. But he has not.

Senator Vandenberg has probably grown more in public esteem than any other Senator. His work in the field of foreign relations has been almost beyond criticism. His public statements have been forthright, non-partisan, and convincing. He is a distinct possibility for the nomination.

Within the Republican party there is a group of young Senators who have no chance for the nomination next year, but whose beliefs and actions may have an increasing influence on the direction the party takes. Senator Morse of Oregan is one of these—he calls himself a middle-of-the-road liberal and has received an extraordinary amount of national attention for a freshman member. Senator Knowland of California, is another. Most interesting of all is driving Senator Ball of Minnesota. He is about the only man in Congress who has come out flatly against the closed shop. At the same time, he is equally forthright in denouncing what he considers the abuses of capital. These younger Senators, whom many old timers regard as mavericks, are working toward eventual control of the party and they will be worth watching.

At the moment, one man's guess as to whom the candidate will be is as good as another. It may be one of the Republican governors, such as the able Earl Warren of California. And there is always the possibility that some dark horse will appear, capture the public imagination, and get the nomination—as did the late Wendell Willkie in 1940.

Difficulties are arising in obtaining effective co-ordination between the U. S. Administration in Washington and Warren Austin, the U. S. delegate to the United Nations. On the question of disarmament, for example, three co-ordinating committees have been created now to handle overall policy, operating policy and the actual work of carrying out decisions.

The Edison Centennial reminds us that the world needs more light and less heat in discussing mutual welfare.

American importers are getting a cool reception from Argentina these days. The Peron Government prefers to deal on a bulk basis, government to government, which is more profitable and has political advantages. The U. S.-Argentine deadlock over linseed oil was not due to price so much as to Peron's insistence on selling only to the U. S. Government, not to private buyers. He got his way.

Because of the pressures of inflation, Japanese printing presses now are turning out currency of big denomination, printing notes that run as high as 10,000 yen. Japanese officials say privately that the presses have been unable to turn out 100-yen notes fast enough to keep abreast of the mounting monetary inflation in Tokyo.

The answer to what's cooking in Russia may never be specific, but it's pretty certain to come under the head of pressure-cooking.

DEMONSTRATION CLUB DISCUSSES LANDSCAPING

"Landscaping the Yard" was the topic for discussion when members of the West Side Home Demonstration Club were entertained in the home of Mrs. John Bryan, March 19. The program was presented in five parts.

Mrs. Wayne Porter discussed the various types of lawns, and Mrs. Herschel Jennings gave the general rules for shrub and tree landscaping, displaying limbs from a number of evergreen shrubs which are adaptable to this climate.

Mrs. Ed Bourn presented a flower garden plan, and Mrs. Jim Carter told of walks of several types. "A must for a good walk," Mrs. Carter emphasized, "is that it be wide enough for two persons to walk abreast along it."

Qualities of a good fence were given by Mrs. W. C. Roberts, who stated that a yard gate must not squeak.

Plans were discussed for an Easter picnic, and an estimate was made as to the amount of strawberries and pineapple which would be desired by club members.

Mrs. Bourn was elected to serve as club reporter to fill the vacancy left by Mrs. Roberts, resigned.

Roll call was answered with each member naming a border plant.

Miller-Myers Rites Are Told

Miss Marjorie Mae Miller of Plainview became the bride of Wiley J. (Jackie) Myers of Lockney Saturday evening, March 15, at 6 o'clock in the home of the bride's parents, Mr. and Mrs. Ernest Miller of Plainview. The bridegroom is the son of Mrs. Olive Myers of Lockney.

Paul McClung, minister of the Church of Christ, Plainview, officiated at the double-ring ceremony performed by candlelight as the couple stood before an archway. White carnations and white tapers were used in the room decorations.

The bride wore a white suit with navy blue accessories. Her hat was fashioned with a veil. She carried a white Bible, given to her by her grandmother, Mrs. W. W. Clounch. It was topped with a red camellia and white roses.

The mother of the bride wore a green suit with brown accessories and a corsage of white gardenias. Mrs. Myers, mother of the bridegroom, wore a black dress with white accessories and a corsage of white gardenias.

Miss Lorena Piper served as maid of honor. She wore a white and brown suit with brown accessories and a corsage of pink carnations.

Leonard Harper of Lockney served the bridegroom as best man.

Mrs. Myers was graduated from Plainview high school in 1946. She has been employed at the Bell Telephone Exchange for the past nine months.

Mr. Myers was graduated from Lockney high school with the class of 1942. He entered the army in March 1943 and received his discharge about a year ago. He is attending Watson's Business College and is employed with the Southwestern Public Service Co., in Plainview.

Mrs. Myers is the granddaughter of Mr. and Mrs. G. T. Miller and Mr. and Mrs. W. W. Clounch, all of this city.

Reception

Immediately following the ceremony a reception was held. The lace covered table was centered with an attractive arrangement of white carnations in crystal candelabra.

The bridegroom assisted the bride in cutting the three-tiered wedding cake which was topped with a miniature bride and bridegroom. Coffee and punch were served with the cake.

Those present for the ceremony and reception included: Mr. and Mrs. Ben Brotherton and Bobby of College Station; Mrs. Olive Myers, Betty Jean and Jimmy of Lockney; Mr. and Mrs. Jay McPherson and Karen Ann, Lockney; Mr. and Mrs. Ernest Miller, Mr. and Mrs. Bob Tooten, Mr. and Mrs. Ernest Miller, Jr., Ernest Miller and daughter, Connie, and Mrs. Leff Clounch, all of Plainview; Miss Lorena Piper of Canyon; Mr. Leonard Harper of Lockney.

H. C. Godfrey of Plainview was present and took pictures of the wedding party.

Mr. and Mrs. Myers will be at home in Plainview.

Amateurs Ponder Entry As Aggies Complete Rodeo Arrangements

"To be or not to be, that is the question."

If it's to be or not to be a cowboy that's been running through your mind, the best way to find out is to enter the big West Texas Aggie's Rodeo that will be held here April 19.

Entrance fees in each event are: Roping, $5; bronc riding, $2.50; steer riding, $2.50; and wild cow milking, $2. All fees are to go back into cash prizes for each event.

Range Riders Here

Aggie President Red Weatherly says the Range Riders have already accepted their invitation, as have Mason King and his horse, Rajah.

Other colleges the Aggies plan to invite have not yet been decided upon, but Red expects the club to reach a decision and send out invitations this week. He explained the necessity of getting the invitations out early by saying, "So they will have a chance in the competition with West Texas."

But the Guests—

Arrangements have already been made to furnish accommodations for the guests' horses.

Not only are the Aggies offering the rodeo, but several professional trick riders have been hired for additional entertainment.

According to Red, the only thing lacking in the show as a whole is the clown.

"Everyone wants this renowned position, and it is difficult to make a choice," he commented.

Performers will have to compete in both shows to be eligible for the grand prize that will be given in each event.

North Texas State Thin-Clads Capture Southwestern Tourney

The 1947 edition of the Southwestern Track and Field Meet in Fort Worth last week-end proved fatal to the defending champion West Texas State thin-clad team and they came home with only one place. North Texas State, Southwestern, ACC and Sam Houston finished the meet in that order.

Only winner for West Texas in the exceptionally strong field of gravel-path contenders was the mile relay team which qualified for the finals and came in with a third place. That team was comprised of Jim Wilson, Bob Davis, Kenneth Hendricks and Junior Melton.

"It was a slow track and our boys just couldn't seem to get started," voiced Coach Clark Jarnigan, track tutor upon returning to the campus Sunday. "We have been held down by bad weather thus far but it looks as if we might have good days now in which to get in some good and intense practice. Our boys just weren't in shape down at Fort Worth but I am sure the practice in competition didn't hurt them any. We came in contact with many of the boys we will have to face later in the season so we gained in experience there. With more training and fine weather, I believe we can put good teams against the rest of our foes."

FIRST BIRTHDAY IS CELEBRATED AT PARTY

Jonna Sue Pool, daughter of Mr. and Mrs. John R. Pool, celebrated her first birthday last Sunday, when colored moving pictures were made of her in honor of the occasion at the home of Mrs. L. Angel.

Jonna Sue's birthday cake was pink and white, decorated with flowers and one candle. The cake was served with ice cream and coffee.

Calling during the evening were, Mr. and Mrs. Pete Cowart and Dr. and Mrs. Millard Nobles and daughter of Hereford, Mrs. Angel, Miss Irene Angel, Erma Sutton, Charlie Sutton of Happy, Mr. and Mrs. Max Barnard and Maxine of Canyon.

GIVING THEM INDIVIDUAL ATTENTION IN THE HOME

Just so surely as life begins in the home so does that influence which is to mold character for either good or bad. The juvenile delinquency problem of today would not be so great if the youngsters in the home were given more individual attention from their parents. The sin of omission or neglect has arrested too many "well intended" parents. They try to mean well but forget that those hours of personal attention in the home can never be matched by outside teaching.

Be a pal to that girl or that boy of yours while a pal means so much. The supervised wholesome recreation and individual attention from father and mother will pay great dividends in a law abiding citizenry. It is too late after those most precious days pass and you find you have miserably failed as parents and the strong hand of the law has to be called in to discipline where you failed. Keep them in Sabbath Schools and church.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Frosh Center Displays Trophies

For most of the basketball season fans at Canyon have been calling Charles Barnard, 6 foot, 7 inch center from White Deer, a better Frosh cager than Charley Halbert, famed Buff 6-10 pivot of a few years ago, now a top professional star. Barnard is shown with three of the trophies the speeedy Buff Yearlings won this season. Those play pretties big Charley is holding are awards emblematic of the Plains Commission and Amarillo AAU League titles, and the runnerup bauble in the Southwestern AAU event, won by the Southern Methodist varsity.

A circuit court in Chicago ruled that calling a man a Communist is libelous. Apparently that makes color blindness a civil offense.

Joseph Stalin's action in stepping down as Minister of Armed Forces for Russia was taken partly for the psychological effect it would have on the Russian people. Soviet officials are deliberately taking the emphasis off the Army at home to convince the public of the acute need for getting all the man power possible at work in civilian employment.

BOYCE HOUSE "Gives You Texas"

Uncle Zeb says, "Why don't other folks stay at home so I can get a hotel room when I travel?"

Sen. Grady Hazlewood of Amarillo proposes a constitutional amendment making House members' terms four years. But the best way to keep officials responsive to the people is to require 'em to go back to the people pretty often.

The Senator's amendment prohibits legislators from receiving anything of value for voting for or against any legislation. That's against the law now, isn't it—or is it?

His amendment would give each legislator a salary of $4,000 a year and would prohibit a lawmaker from practicing influence before a state department—but apparently is legislator could still take what is sometimes called a "fee" from somebody whose business is affected by proposed legislation.

Getting around over the State: You remember the tune about the music goes in here and comes out there? Saw a stove in a filling station in Luling that reminds me of the tune. Three sections of old-fashioned stope pipe are laid one on top of the other and connected by elbows and that heat goes in at one end, wanders all around and comes out at the other. Looks like a Rube Goldberg invention—but it works.

Near Jacksonville is the rather oddly named Simpson's Dining Car Orchard—11,000 peach trees.

In LaGrange, two grand oaks stood in the street, so they just ran the paving around them. Incidentally, the winding highway as one enters LaGrange from the south is most picturesque and gives a beautiful view of the town below.

Best eating in a good while: Backbones and dumplings, with cornbread, at Palestine in the O'Neill Coffee Shop. That was really East Texas cooking at its best!

Attention . . . SchoolPatrons

If you have, or know of a child whose sixth birthday comes between last August and next September and his name has not been taken for the school census, please drop me a card at once—giving name and address.

I am sure there are a number of six year old children that I have missed.

Or if you know of any child of school age, 6 to 18, who has not been enumerated won't you please let me know.

Each one may mean $55.00 for our school. Let's get them all.

PRESBYTERIAN CHURCH

The Sacrament of the Lord's Supper will be celebrated at the Presbyterian Church on Sunday morning. New members will be publicly welcomed at this service. The Sacrament of Baptism will be administered. This will be a service of meditation on the great sacrifice of Christ and His gift of life to all who believe.

The Guild, under the direction of Mrs. Cecil Briggs, assisted by the choir directed by Mrs. Virgil Martin with Mrs. Lee Foster at the console of the organ, will present "The Days of Holy Week." This is a special candlelighting and musical service that leads from the Triumphal Entry of Palm Sunday to the glorious Resurrection.

The youth Fellowship will meet for supper and the presentation by Miss Sibyl Ann Gillis of "Being Fit to Live With."

This Sunday will be the last of a successful and interesting church year. The new church year will begin on April 1 and will run to January 1, 1948. Thereafter the church year will run from January 1 to January 1, the pastor, Rev. Robert W. Jones, has announced.

FIRST CHRISTIAN CHURCH

A pre-Easter communion service will be held by candle-light on Thursday evening, April 3, at 7:30 o'clock in the sanctuary of the First Christian Church. The public is invited to the service. For a number of years a service of this nature has been given annually at the Christian Church.

New Yorkers Gladly Pay for Fresh Air

Intricate Ventilator Eliminates Poison in Tunnels.

NEW YORK. — Add "inflation" notes: Fresh air is being cheerfully bought and paid for by some 97,000 people every day in this haven of city slickers.

These folks are not being gypped, however, for otherwise they would be overcome by carbon monoxide poisoning.

These facts were disclosed in an inspection report by Harrison Wood, New York district manager of SKF Industries, Inc., on the intricate ventilation systems that keep the city's Lincoln and Queens-Midtown tunnels and George Washington bridge approaches free from motor exhaust gases left by thick traffic between Manhattan, New Jersey and Long Island.

The cost of keeping the air fresh is part of the toll paid by the 97,000 motorists passing daily through these three major traffic arteries.

Ventilation of Lincoln tunnel, 100 feet below the Hudson river, requires 56 giant fans revolving on engineered spherical roller bearings to minimize chances of a breakdown at operating speeds necessary during rush-hour traffic, Wood said. Up to three million cubic feet of fresh air per minute is circulated through the tunnel.

Installed in 1937 under supervision of Charles W. Murdock, mechanical engineer for the Port of New York authority, the huge blowers are housed in special concrete structures above the tunnel itself. Operating 24 hours a day, they have never broken down since they went into operation nine years ago, Murdock said.

Fresh air moves so rapidly through the tunnel that if it could be channeled into a 10-foot square duct, running from New York to Albany, it would arrive in the state capital 10 minutes after leaving this city, it was pointed out.

Twenty men working in three shifts stand guard around the clock over a battery of carbon monoxide analyzing instruments which register the amount of gas and smoke constantly collecting in Lincoln tunnel. Fan speed is regulated according to varying traffic volumes and, although a maximum of four parts of carbon monoxide in 10,000 parts of air is considered safe, tunnel authorities keep the count down to only two parts as a double precaution.

Says Chemistry May Solve Food Problem

BOSTON. — A prediction that the world some day may feed its starving by use of radiation chemistry was made by Dr. Charles F. Kettering, head scientist of General Motors corporation, at the convention of the American Association for the Advancement of Science.

Radiation chemistry, also known as photosynthesis, is, he said, the method nature uses to make the earth's present food supply out of carbon dioxide of the air, and water, and a few minerals.

"We know little of the process now," he declared, "but some day we may be able to reproduce it in the laboratory."

He said radiation chemistry is the secret of photography, but that its principles are used only to a small extent in industry.

New Compact Atom-Smasher Is Developed by Scientists

PHILADELPHIA. — Development of a new, compact atom-smasher, which produces a beam of 70,000,000-volt X-rays and presages construction of energy-producing machines many times more powerful for atomic study, was revealed here.

Dr. Herbert C. Pollock, leader of a group of scientists which constructed the device, said in a lecture at Franklin institute that it was built as part of a project sponsored by the office of naval research at the General Electric research laboratory, Schenectady, N. Y.

The new device, named the synchrotron, indicates the possibility of producing radiations of much higher energies for atomic study with greater economy than with earlier equipment, Dr. Pollock said.

Alexander Is Selected as Chief of Britain's Defense

LONDON. — A. V. Alexander, former first lord of Britain's admiralty, assumed the title of defense minister, following royal approval of legislation creating the new cabinet post which is responsible for coordinating army, navy and air forces. The defense title hitherto has been held by the prime minister.

Pair of Hairpins Net $3,000 At an Auction of Jewelry

NEW YORK. — A pair of hairpins sold at auction for $3,000. The buyer got more than utility or sentiment — 440 diamonds weighing 22 carats, set in platinum were part of purchase.

The pins were the property of the late Mrs. Edward T. Stotesbury, one of the 46 items of her jewelry which netted her estate a total of $108,600 in a two-day sale.

Trouble with a budget is, it's so hard to budge it.

Group Schedules Sunrise Service For Easter Sunday

Planned by an inter-denominational committee headed by Robert Kilgore, an Easter sunrise service will be held at Buffalo Stadium Sunday morning, April 6, and will begin 15 minutes before sunrise.

The program will be presented by young people of the community, who invite attendance from everyone in town.

Meeting in the Methodist Church parlor, the committee divided into sub-committees: program, headed by Phyllis Foreman; decoration, headed by Vergie Haines; and publicity, headed by Mary Reid.

Shorten Time Of Operations

New Surgery Effecting Cure Much Sooner, Out of Bed First or Second Day.

CLEVELAND, OHIO. — Getting people out of hospital beds the first or second day after operations and so curing them much faster is the new near miracle of surgery that was described to the American college of surgeons by four physicians.

The speedup is partly a war bonus but actually started before the war. The physicians were Howard Rusk, New York; I. S. Ravdin, Philadelphia; John H. Powers, Cooperstown, N. Y.; and Henry H. Kessler, Newark, N. J.

Dr. Powers told of 238 civilian patients, operated on for appendicitis, hernia and several other abdominal operations. They got out of bed the first or the second day. They were compared with another group of 120 who stayed in bed 12 days.

Same Weight Loss.

Those who got up left the hospital five days to a week quicker. They convalesced in half or less than half the time. They required less morphine and had less gas pains. They ate good meals sooner. They had no reduction in postoperative pneumonia, but the danger of blood clots after operation was much reduced. Strangely, there was no more weight loss for those who stayed in bed than for those who got up and who ate more heartily.

Dr. Ravdin told of a Chinese soldier whose heart stopped beating during an operation. The surgeon opened the chest and massaged the heart back to life. The operation was finished and 18 hours later the soldier walked two miles to a bazaar to buy fruit. Dr. Ravdin said that the Chinese have been practicing postoperative ambulation—the technical name for getting out of bed soon—for a long time.

Heart Is Smaller.

Dr. Rusk summarized some University of Minnesota and Cornell university experiments showing what staying in bed does to a healthy man. His heart in six weeks in bed shrinks 11 per cent in size. The work that would give him a pulse rate of 125 before the bed rest costs him a rate of 175 afterward, and it takes him six to eight weeks to get the heart rate back to 125. His reaction time slows down.

After the six weeks in bed the man cannot do sustained work. In bed he has to be fed twice as much protein to maintain a good protein balance.

Finally, said Dr. Rusk, the better the man's condition when he goes to bed, the more rapid will be his deterioration.

Veterans Get Rich Farm Land In Recent Homestead Drawing

KLAMATH FALLS, ORE. — Eighty-five men and one girl — all veterans of World War II — received $2,000,000 worth of rich farmland from Uncle Sam.

The 86 veterans were among 1,305 ex-servicemen whose names were contained in an old glass pickle jar for the government's first postwar homestead drawing. Olney Rudd, a veteran of the First World war and himself a homesteader from an earlier United States reclamation bureau project, drew the first capsule in a boxing ring at the jammed Klamath Falls armory.

It contained the name of Robert L. Smith, Banks, Ore., who will have first choice of the 86 homesteads. The farms, bared after the sprawling Tule lake was drained, range from 69.8 to 141.3 acres. The most valuable land is on the smallest units.

The list of candidates had been whittled from 2,029 applicants, with 1,305 passing the reclamation bureau's requirements on war service, farm experience, integrity and financial resources of $2,000. The lone girl was Eleanor Jane Bolesta, an ex-WAVE from Everett, Wash., wife of a disabled veteran.

The farms, which lie in some of the finest potato and grain country of the west, are worth $15,000 to $25,000 each at current land prices.

Staff Atop Mt. Fuji Forms The World's Highest Union

TOKYO.—Eleven men and one woman, employees of a weather unit stationed atop 12,400-foot Mt. Fuji, formed the world's highest labor union. Explained one member:

"We are working where the mercury is 30 degrees below zero and something ought to be done. We just can't go on earthly remunerations."

"If they ever strike," quipped jokesters, "will the mediation board climb that high?"

Russia and U. S. Sign Pact To Send Japs to Homeland

TOKYO. — Russia and General MacArthur's headquarters signed an agreement to return to Japan monthly 50,000 Japanese war prisoners and nationals "who desire repatriation."

An announcement said supreme headquarters had told the Russians there was enough shipping available and suggested 360,000 be returned monthly from Soviet zones, but Russia set the limit at 50,000.

Next they'll be suing for pay for time spent waiting for the bus.

Eaglette Volleyball Girls Register Second in Consolation Play-offs

Avent Is Tourney Player, McDougal High Server

After working up to the finals in the consolation bracket of Amarillo's Invitation Volleyball Tournament, the Canyon High Eaglettes were beaten by Pampa in two straight games Saturday night in the Amarillo High School Armory.

Losing two games to White Deer Saturday morning placed the Eaglettes in the consolation bracket where they kept a good pace until the finals. White Deer defeated them 15-10 and 15-6.

Get to Finals

Perryton quickly bowed a scoreless game then the next with only three points while the mighty Eaglettes easily totaled 15 scores each time. The next victory was hard-fought over Plainview with the close margin of two points in each game, 15-13 and 18-16.

Geneva McDougal led all scoring with 24 points while Juanita Avent, who made all-tournament team, scored 20 credits. Other players and scorers were: Martha Jean Avent, 14; Joan Morton, 9; Bobby Ford, 8; and Dorothy Butler, 14.

"Warm-up" Sandies

In order for the Amarillo Sandies to have a "warm-up" game before the tournaments, the Eaglettes traveled to Amarillo Tuesday, March 18, to play in their gym. The first game was mostly volleying and spiking with Amarillo edging Canyon 15-13. In the decisive games, the next two, the Eaglettes overpowered the Sandies 15-4 and 15-7. Martha Jean Avent led with ten points followed by McDougal and Morton with nine each.

Canyon's B team quickly lost to Amarillo 15-6 and 15-10. Janey Forester led scoring with Wanda Jean Edwards following closely. Sue Dickerson, Ema Gene Zachry, Maxine Barnard, Janey Forester, Joanna Haines, and Mary Sue Foster compose this B team.

Dimmitt Loses

Thursday Canyon played host to Dimmitt in the grade school gym and also rung up victories. Zachry led the B team to victory by serving twelve points. Haines followed with seven. Eaglettes out did the Bobbies 15-5 and 15-3 during the A games. Juanita Avent and Joan Morton scored ten and nine points respectively.

Barker Will Head PTA Association

Mrs. J. D. Barker again will head the Canyon chapter of the P. T. A. for the coming year '47-'48. Other officers elected are as follows:

Vice-president, Mrs. W. E. Miller; secretary, Mrs. R. B. Davis; treasurer, Mrs. Gene Root; historian, Mrs. L. S. Johnston; membership chairman, Mrs. Clay Cooper; finance and budget, Mrs. Ed Harrell; publicity and goals, Mrs. A. H. Prichard; hospitality, Mrs. Bill Crow, Mrs. Bradley Burrus, and Worth Jennings, Jr., Mrs. Wilford Taylor, Jr.; publications, Mrs. P. K. Burum; study course, Mrs. RobertW. Jones Room-Mother, Mrs. L. K. Bolton; and faculty advisors, Supt. E. A. Wooten, Elva Fronbarger

"Encouraging Wholesome Activities" was the subject of the address of the afternoon by Miss Ruth Lowes.

"Children should be taught responsibilities in home work, in practicing laws of health as learned in school work, in observance of rules of etiquette, and in getting knowledge of spiritual values," states Miss Lowes.

A large group of mothers and visitors assembled for the afternoon program, which was opened with the singing of folk songs by the sixth and the seventh grades under the supervision of Mrs. V. O. Martin.

Mrs. Roscoe Davis's room in the grades won the dollar prize for having the largest number of mothers present, and in the high school, the freshmen were winners.

Seniors in Meeting Perfect Plans for Afternoon Picnic

A Senior Class Meeting was called Thursday 6th period in order to make final arrangements for the Friday night weiner roast. It was decided that each person should pay his own way into Palo Duro Park and 35 cents on the food.

They also discussed and decided against having the Swing Band at the Social between the W. T. High and Canyon High Seniors.

Junior Business Session Gives New Interest for Semester

In a called class meeting last Tuesday afternoon, the juniors discussed various activities in the offing.

The class elected Martha Jean Avent for their secretary for the remainder of the year since Anna Pauline Seales Woolsey resigned.

Also plans for the Junior-Senior Banquet were discussed and a committee was appointed to find out where the banquet could be held. This group was, Geneva McDougal, Valeta Haines, and Paige Carruth.

The class decided to have a social Wednesday night, March 26, with the roommothers in charge of the refreshments.

Canyon Loses Meet to Happy

Quill and Scroll Pledges

Front row: Louise Blewett, Othella Pruitt, Jean Hill, and Martha Wilson. Second row: Robert Fisher, Bill Davis and Guy Brant.

Strong Point Is Field Outcome

Wright Is Highpoint Man, Abbott Takes Second

In the first track event of the season, Canyon High was defeated 46½ points to Happy's 51½ points in a duel meet with Happy High School, at Canyon , Wednesday, March 19.

Starting off with a bang, Charles Wright ran the 100 yard dash in 10.2 seconds, to win with his nearest contender three yards behind. Miller and Todd of Happy came in second and fourth, respectively, with James Guthrie winning third.

Simms Wins

62 seconds brought Simms, from Happy, in to win first in the 440 yard dash with Meade Michael coming in a close second followed by Wilbert Long.

Simms, who placed first in the 200 yard low hurdles, made it in 28.1 seconds, with Lee Bailey and Clifford Burtz tieing for second and Happy taking third.

Happy took the honors in the 440 yard relay running it in 42 seconds with CHS's quartet composed of Burtz, Billy Abbott, Paige Carruth, and Guthrie coming in second.

Wright Wins 880

Winning the 880 yard run in 2 minutes 25.5 seconds, Wright placed first with Franklin of Happy, second and Richard Walters, third.

Happy's Miller dashed off the 220 yard dash in 22.5 seconds, followed by Guthrie of Canyon, and Todd, Happy.

Running the mile in 5 minutes 7.1 seconds, Bowe came in first followed by Abbott, then Austell Burrus.

Canyon contestants in the mile relay, Burtz, Bailey, Wright, and Michael came in second with Happy taking first running it in 3 minutes and 40 seconds.

Field Events

Coming to the top in field events, Canyon took the pole vault with Abbott making 8½ feet. Joe Abbott and Albert Craig came in second and third respectively.

Franklin and Abbott tied for first in the high jump with 5 feet 10 inches. Wright took second and Inman third.

Wright put the shot 33 feet 3½ inches to place first. Whitlow and Ratjen both of Happy followed taking second and third places.

Throwing the discus 99 feet 6½ inches, Wilbert Long placed first in the discus throw, Loring of Happy, second and Ratjen of Happy, third.

Charles Wright was high-point for Canyon with 17 points besides participating in the mile relay which won second.

Mrs. O. A. McBroom substituted for Mrs. Ed Weeks the first of the week due to the illness of Mrs. Weeks' daughter.

Miss Gladys Armstrong visited Home Economics Department last Friday, March 21 and was a guest of CHS's assembly that afternoon.

Disabled Vets See Choir Perform

Making their first out-of-town appearance, the A Cappella choir of Canyon High sang at the recreation department of the Veteran's Hospital in Amarillo, Monday evening at 7:30.

The program consisted of the following songs: "The Star Spangled Banner"; "Fairest Lord Jesus," with Wilbert Long, soloist; "Madam I Have Come A Courtin," with various members of the choir taking the solo parts; "Sanctus," "Peace Be Still," "The Cherubim Song," and "The Three Limericks." As a special attraction Donna Erwin and Max Bellah played a piano duo, "Malaguena," and a duet "Begin the Beguine."

At a special assembly, held Friday, the choir rehearsed the program, which they gave Monday night in Amarillo.

"The choir is doing an excellent job of reading new music, and I feel as if each member should be encouraged to keep up the hard work by both parents and friends, who are interested in music," states the choir's director, Mr. M. D. Shepherd.

Students Present Assembly Farce

"Wanted; A Husband" was the title of the one-act farce which the speech class presented to the student body in an assembly last Wednesday afternoon.

The play was produced under the direction of Joan Hicks, who was also the announcer. The characters are as follows:

Claudine Beavers—The old maid, Miss Miranda Jones.

Dwight Moore—The mail-order husband, Deacon Dudley.

Sue Jennings—Tom-boy, Peggy Barton.

Frank Heare—Julius Caesar Cook, the book salesman.

The curtain operator was Carrol Wilson.

The same group of pupils are working on a mystery story entitled "Murder in Room 13" and hope to present it soon.

Lunchroom Gains New Dishwasher

Something new has been added!

A new electric dishwasher for the lunchroom arrived Monday, March 24.

The dishwasher with a stainless steel cabinet is a Hobart machine. This piece of equipment has been ordered a long time but because of shortages, it is just now arriving.

This machine will not be installed for about ten days, for the engineers will not be here before then. Other new equipment will be added at the same time to make the chore of dishwashing lighter.

"We have great hopes for it," stated Mrs. Lisle, the supervisor of the lunchroom, while speaking of the new machine.

Mr. E. A. Wooten hopes to attain a ventilator, an electrical ice cream box, and more baking ovens for the lunchroom in the near future.

The Democrats won't be as weak in the new Congress as you might think. Anyone who has moved lately can tell you that the Republicans are going to have a hard time mustering that majority while house-hunting is going on.

to combat Russian advance and try to checkmate the Soviet Union wherever the borders of Russia and the Western world meet.

Grade Notes

A surprise birthday party was given Roy Hunter of Mrs. Joe Black's first grade, by his mother, who served a birthday cake and pops to the others in his class.

The pupils in Mrs. Stella Murrell's second grade are beginning work on a frieze of Easter bunnies.

A walk to "Steven's Floral Shop" was taken by the students in Mrs. A. K. Goodman's room, Monday, March 24. While at the shop, they purchased a hyacinth and a little ivy to decorate their room. The hyacinth is to go with their study of Sweden.

"Mrs. Stevens very graciously showed us around the greenhouse where the students learned the names of the many plants which they saw," states Mrs. A. K. Goodman.

Those visiting Mrs. L. M. Cousins' fourth grade, Friday, were Mrs. L. K. Bolton and Mrs. M. A. Hollabaugh. Mrs. C. M. Diller visited in this room Monday afternoon.

La Nelle Gum, C. G. Pond, and Helen Diller were absent from Mrs. Cousins' room due to illness.

Dolly Prize from Reo Linda, California, is a new pupli in Mrs. Mitchell Jones' fifth grade.

Mrs. Andy Walsh's sixth graders are beginning a unit on diagramming in English.

Mrs. John Davis, representing the Class Room Teachers, was in Austin the greater part of last week. Others who went, were Miss Dorinda Bond, Mr. E. A. Wooten, Mrs. Dan Sanders, Mr. Bradley Burrus, and Mr. J. W. Spencer. At Austin, they attended a hearing of the sub-committee in the senate, where they listened to the discussion for over five hours.

Mrs. Art Roberts substituted for Mrs. Davis during her absence.

Sophomores Are Frolic Minded

Approximately 50 CHS sophomores will attend an outing in the form of a weiner roast with all the trimmings at the Country Club grounds, April 18, at 5:00 o'clock.

Transportation will be by private cars and trucks, and each student will contribute a small sum for refreshments.

Mrs. Ray Hornstra and Miss Grace Aaron are co-hostesses, but due to the absence of Mrs. Hornstra, a substitue will be selected to serve in her stead. Room mothers will also assist with the picnic, according to plans laid at the sophomore class meeting last Thursday.

An impromptu program was also given consisting of singing by the group, piano duets by Sue Jennings and Betty Jean Schuette; and piano solos played by James Inman and Jimmy Lindsey.

Helen Spencer was kind enough to assist with the typing for the Eagle's Tale Staff Monday.

Games Highlight Sports Events

The first two rounds of games in the annual battle between the girls' intramural basketball teams is over with only three more laps to go.

Starting the games, the sophomores defeated the eighth, 12-4 with Wanda Edwards making the most scores. On Tuesday Mary Elizabeth Jennings led the victorious freshmen over the seventh, 14-7. In the last game of the first round the seniors beat the juniors, 16-11 with Frances Gooch basketing 14 points.

The eighth-freshman game ended in a tie. Blanking the seventh the juniors made 8 goals for a total of 16 points. On Monday the seniors held a one-point lead over the sophomores with the score, 11-10.

Captains Named

Captains of the teams are: Dorothy McReynolds, seventh; Bobby Foster, eighth; Joanna Haines, freshmen; Chloe Ann Black, sophomores; Lorella Devin, juniors; and Frances Gooch, seniors.

In a round robin tournament every team plays each of the other teams and the winning team gets 2 points while the losing team gets 0. At the end the team with the most points wins. So the team who wins the most games wins the tourney.

Tuesday the eighth grade played the seniors, Wednesday the sophomores played teh seventh and today the freshmen and juniors will compete.

Senior Class Has Outing in Park

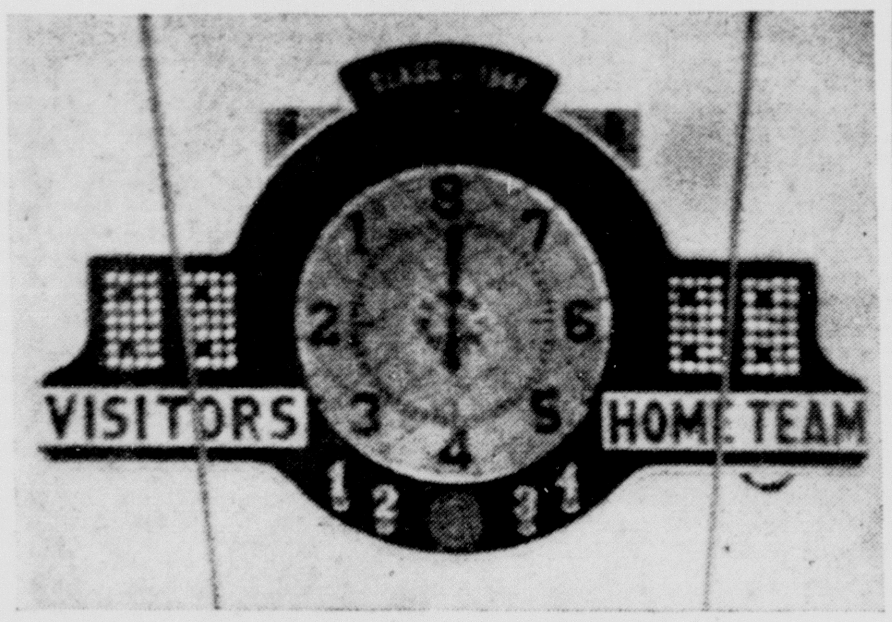
Highlighting events for the seniors this week was a weiner roast at Palo Duro Park Friday evening, March 21.

After participating in various outdoor sports including baseball, relay races, hiking, etc. the students roasted weiners and ate a picnic supper consisting of hot dogs, potato chips pickles ice cream dogs, potato chips, pickles, ice cream and iced fruit punch. Group singing around the campfire furnished entertainment for the remainder of the evening.

Miss Lurline Bowman, Mr. T. L. Devin, Mr. and Mrs. M. D. Shepherd, and Mr. and Mrs. Bud Hickman chaperoned the students and furnished transportation.

Students who served on the refreshment committee were Louise Blewett, James Guthrie, Othello Pruitt, James Rigsby and Geraldine Small.

Senior's Gift



This scoreboard and clock is the present the 1947 Seniors have left to the school. It was purchased and installed early for the benefit of our basketball and volleyball admirers. Thanks, Seniors, for the useful and much needed scoreboard we have enjoyed this year.

YOUR ATTITUDE

A visiting speaker said recently in assembly "Your attitude will determine your altitude." If you weren't dozing or watching a fellow classmate chew his bubble gum—you probably heard the quotation. Did it mean anything to you?

Your attitude not only determines your altitude or what you will do and be in the near future, but your attitude toward various subjects, or life in general, determines to a great extent the type of person you are today.

If your attitude in class is one of alertness of mind, willingness to concentrate, and a sincere desire to learn, you are undoubtedly in the upper grade bracket.

If your attitude toward your associates, your family, teachers, classmates, etc. is one of friendliness, consideration, helpfulness and courtesy, you aren't an outcast socially. On the other hand, of course, there are those other characters whose attitudes are sending them in an opposite direction—the beligerant character who's always on the defensive and marks himself with immaturity by blaming others for his failures. While the more aggressive climb to the top of the ladder of success, he'll still be standing at the bottom blaming misfortune for his never progressing beyond the first rung.

Truly our attitude determines our altitude.

By O. F. P.

There were several mistakes made in the last honor roll. Corrections are: Max Bellah and Joan Bullard should have been in the group making six A's. James Guthrie made 4 A's instead of three.

Walter Graham recently purchased a new 1947 Ford station wagon to be used as the Hudson school bus. This is driven by Harold Prichard.

Miss Carolyn Newsome, teacher trainer, from West Texas State College, is substituting in the homemaking department until a permanent teacher is obtained.

Phone on Infra-Red Rays Built by Navy

Reveal War Secret for Voice Over Short Range.

WASHINGTON. — A secret voice-ray telephone that works on invisible light was developed by the navy during the war, it was revealed.

Details are still shrouded by security restrictions, but an official explained that its source is infra-red rays. It has a "line-of-sight" range, the same as television.

It eliminates freak interception or interference by an enemy miles away, as was possible with ultra-high radio frequencies.

Conversations can be held between nearby ships or from ship to shore. But the official explained that the invisible rays will not penetrate fog, water or anything that stops a visible light ray.

The navy disclosed in June that it had an infra-red searchlight for blinker messages between ships, but this was the first acknowledgment that an ordinary conversation by infra-red rays was possible.

Both the Germans and the Japanese had infra-red equipment, the navy expert said, but our capture of this equipment in 1944 and 1945 did not particularly aid United States research. The line of our infra-red work was pretty well laid down by that time, he said, and our engineers went ahead with their own ideas.

The range of the infra-red telephone is limited to the horizon—about eight miles from the bridge of a destroyer. But in a land campaign, messages could be relayed from point to point over country impassable for wire-stringing crews and where radio calls might be intercepted.

The navy let production contracts for the equipment following successful tests in 1943 and 1944 but is still reluctant to discuss how far it has progressed in development, or the scope of its program.

Wayside News

Mr. and Mrs. John McGehee celebrated their golden wedding anniversary last Friday at noon. The crowd of over 160 people were served a John Snider barbecue with all the trimmings and the ladies of the community furnished cakes, pies and salads. The couple received many nice gifts.

Mr. and Mrs. Leonard Childress and daughters of Kansas City, Mo. visited from Thursday afternoon until Saturday morning in the W. C. McGehee home. Mrs. Childress was the former Thelma Coleman and a niece of Mrs. McGehee.

The Glenn Mahler family of Borger were week end guests in the E. J. Mahler home. They came in a new car.

Mr. and Mrs. W. R. Franklin were visiting in the Roy Franklin home Sunday near Canyon.

Mrs. M. L. McGehee is at home but not doing so well.

Mrs. Crow is able to be up and about again.

Mr. and Mrs. Henry Shipman were Canyon callers last Friday.

Mrs. Willie Modisette spent one day last week with Mrs. Robert Adams in Happy.

Mr. and Mrs. Chas. Kennedy and boys were visiting relatives in Amarillo one day last week.

Ewing, Kelly and Curtis McGehee have all lately had irrigation wells drilled on their farms.

CARD OF THANKS

We take this means to express our heartfelt thanks and appreciation to our many friends for the many kind words and deeds of sympathy extended us in the sad hours of death of our wife and mother, and also for the beautiful floral offerings. May God's richest blessings ever be yours. Clydeen and Clyde L. Mitchell, Mr. and Mrs. Jesse B. Leaverette and Dorothy, Mr. and Mrs. R. W. Hogan and family, and Mr. and Mrs. Claude Mitchell and family.

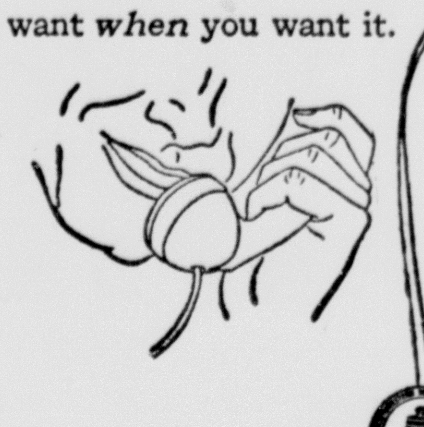
Why we ask people to take party-line telephones

Bringing telephone service as quickly as possible to thousands of people waiting for it in the Southwest is our Number One job. One way we are doing it is by furnishing party lines to residence customers. This makes it possible for limited amounts of telephone equipment to serve more people.

After everyone who wants service has it, then we can begin the job of providing the *kind* of service you want *when* you want it.



IF YOU HAVE PARTY-LINE SERVICE

...you can get the greatest value from it by doing these simple things:

1. When you have several calls to make, allow a little time between them. That gives others on the line time to make or receive calls.
2. If the line is in use when you try to call, please hang up quietly. Wait awhile before trying again.
3. If you have children, teach them how to use the party line properly, too.

Union lobbyists are waging their biggest fight against proposed legislation restricting portal-to-portal pay which is due to emerge within three weeks. As it stands now, the law will be far more severe than labor leaders expected in that it amends the Wage-Hour Act to clearly define time limits for the filing of back-pay suits.

About 250,000 of the 500,000 radio receivers in Russia are in the homes of Soviet Army veterans who picked up the sets while on duty in Germany and other countries of Europe. The U. S. regards these men and their families as the biggest single element of the potential audience for American broadcasts to Russia.

THANKS NEIGHBORS

To every one who gave a flower, did an act of kindness, or offered a word of sympathy at the passing of our mother, we wish to express our deep appreciation. It is the freedom with which this has been given that makes us love to live in Canyon.

THE SHOOKS.

Chances for a flat 20% income tax cut are practically dead. When the compromise legislative budget is reached the tax program will call for varying percentage cuts on all incomes, with the largest going to the low and medium income groups.

Wonderful idea! Let each man pay his share of the public debt and escape paying interest on the remainder.

Loss of Weight Found Due to Blood Scarcity

CLEVELAND. — Sick people whose weight drops, the American College of Surgeons was informed, usually suffer from a shortage of blood.

The volume of their blood is down by an average of about 25 per cent under normal. As a result their tissues suffer from lack of sufficient oxygen.

This report was made at a panel instituted by the college to bring out the newer things in medicine. The report was made by Dr. John H. Clark of Tulane university, New Orleans.

These losses in blood volume were found among persons with chronic illnesses, such as stomach ulcers, infections, malnutrition, liver troubles and cancer.

Left Wife With 10 Children Because She's 'Inattentive'

METZ, FRANCE. — Pierre Studzmann, 55, an Alsatian, was conscripted in the German army in 1915, married a German woman and lived with her until 1936. Then he left Germany.

After World War II he married a French woman and apparently was happy until wife No. 1 lodged a complaint from Germany.

"Between you and me," Studzmann told the judge, "my first wife was never very attentive." "Between you and me," the judge told Studzmann, "you should have thought of that before giving her 10 children." Disposition of the case was postponed.

Violet Ray Traps Man Who Turned in False Fire Alarms

CLEVELAND. — The Cleveland fire department, keeping abreast of the times, had little trouble catching up with the latest person to turn in a false alarm from a fire box.

John Marks turned in an alarm at a corner box. A passer-by detained him until the firemen arrived. Marks protested his innocence.

An ultra-violet ray settled the matter. The fire department had doped all alarm boxes with a substance which glows under such a ray. Marks hand glowed plenty. He got 30 days and costs.

Widow of Goering Collects Effects; $5,000 Held Back

NUERNBERG, GERMANY. — Hermann Goering's effects were collected by his widow. She received clothing and $75, but was not permitted to take $5,000 that was found on Goering when he was arrested. That money is regarded as confiscated Nazi property pending a ruling, American authorities said.
